

Under Counter Fridge

Product Code: SE00668

Pack Quantity: 1

This compact under counter fridge is a practical and reliable solution for everyday cooling needs.

Finished in clean white, it offers an 85L capacity with a dedicated chilled food compartment and ice box, making it ideal for storing fresh and frozen essentials. Durable glass shelves provide added strength over standard plastic alternatives, while convenient door shelving allows you to store drinks upright with ease. With adjustable temperature controls and a design built for long-lasting performance, this fridge delivers both flexibility and dependable cooling.

KEY FEATURES

- Compact under counter fridge
- Chilled food compartment and ice box
- Glass shelves which offers better properties when compared to the brittle plastic shelves on most standard fridges
- Include shelves on the door to store drinks upright, this makes them easier to store
- Longer lasting and more reliable
- Adjustable temperature controls
