

## GRP | AERFORCE Powered Air Purifying Respirator Kit (PAPR)

**Product Code: SC17000**

**Pack Quantity: 1**

The GIANT Aerforce PAPR is designed for the effective removal of dust and airborne particles. Please note that it is not suitable for protection against gases or vapours.

The unit delivers a constant airflow to reduce breathing resistance and enhance wearer comfort during extended use. Engineered to meet a minimum design flow rate of 170 litres per minute, the Aerforce continues to comply with the requirements of EN 12941:1998 + A1:2003 + A2:2008 at this flow rate.

The high-performance rechargeable battery provides an approximate operating time of up to 8 hours under normal working conditions.

### KIT CONTENTS:

- Respirator hood & helmet unit
- Blower unit (complete with TH3P R SL filter)
- Belt & waist pad
- Hose complete with connectors to mask and blower unit
- Rechargeable 5200 mAh Lithium battery & battery charger

### CONFORMITY

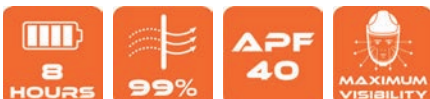

DIN EN 166:2002-04

EN 12941:1998 + A1:2003 + A2:2008

EN 397:2025

### REPLACEMENT PARTS & ACCESSORIES

CODE	DESCRIPTION
SC17001	REPLACEMENT VISOR FOR GIANT AERFORCE SC17000
SC17002	REPLACEMENT BATTERY FOR GIANT AERFORCE SC17000
SC17003	REPLACEMENT TH3P R SL FILTER FOR GIANT AERFORCE SC17000
SC17004	REPLACEMENT BATTERY CHARGER FOR GIANT AERFORCE SC17000
SC17005	REPLACEMENT AIR HOSE FOR GIANT AERFORCE SC17000
